

DIGRAIN CIMEX DETECTOR

BLUESTAR
CIMEX 
LodiUK
Made by Bluestar Cimex **Exclusive to Lodi UK**

HAEMOGLOBIN INDICATOR

Ready to use with a
liquid spray bottle

Professionally
Certified

Bed Bug Detector is a two part soluble tablet that, when dissolved in water and applied to any surfaces, glows luminous blue upon contact with haemoglobin. This clearly reveals blood traces left by bed bugs, helping professionals detect Bed Bug activity.

- UV torch not required
- Non-staining
- Immediate bed bug infestation detection

CONTENT: 16 SACHETS

Storage: in a dry place between 4°C and 30°C
